

We're driven to serve you better...

At IWS, we've built our success on a commitment to you, the credit union member. We know the mechanical protection of your non automotive vehicles is important to you. Because this is true, IWS offers a variety of comprehensive and flexible warranty programs, also known as Vehicle Service Agreements (VSAs) and/or Mechanical Breakdown Insurance (MBI) for most of your motorized vehicles. All of these programs are based specifically on the needs of credit union members. This commitment has driven IWS to become the most innovative, progressive and respected company in the credit union marketplace.

The obligations under this Contract are insured by a policy of insurance issued by American Bankers Insurance Company of Florida in all states except Minnesota, which is insured by American Reliable Insurance Company. Once again, IWS has furthered its commitment to credit unions by giving you the confidence of knowing you are protected by a respected company in the insurance industry.

As a top provider of vehicle service programs to credit unions nationwide, IWS offers you the kind of security that you deserve from mechanical protection plans. That means that whether you choose our most affordable plan or our most comprehensive, for either a new or eligible pre-owned unit, you will have the additional safety of knowing you have chosen from the finest protection plans available.

We appreciate the opportunity to serve you!

Features

- Low deductible
- Transferable coverage
- Nationwide protection
- Convenient access to services via toll-free number
- Increased vehicle resale value

Additional features for on-road motorcycles only

- Travel expenses (up to 3 days/\$150 max)
- Substitute transportation (up to 5 days/\$150 max)
- 24-hour roadside benefits - towing, flat tire service, gas delivery and jumpstart service

Remember, a factory warranty is not enough?

Most major repairs occur after the manufacturer's warranty expires. Members are keeping their vehicles longer and repair costs keep rising.

Why purchase extended coverage?

Your credit union may be willing to finance 100% of the cost at a low interest rate to help you afford this valuable protection. Pre-owned vehicle buyers look more favorably upon a vehicle that comes with coverage. It represents a vehicle that has likely been well maintained by its owner. Should the buyer decline the option to purchase your coverage, you can cancel and apply for a pro-rata refund.

Have peace of mind knowing your investment is protected

- The cost of this coverage may be included in your credit union loan for just pennies a day.
- Your vehicle's resale value immediately increases with transferable coverage.
- 60 day money back guarantee.
